

This document can serve as a template for a challenge proposal for the IEEE UFFC Joint Symposium 2024. No section should be removed, but any additional section that the organizers want to add if they consider relevant for the evaluation of their proposal is welcome. The proposal should be submitted to mledijubell@jhu.edu with the subject line “IEEE UFFC 2024 challenge proposal” before the 31st of December 2022. The proposal should be a PDF file named IEEE_UFFC_2024_challenge_ACRONYM.pdf.

Challenge full title

ACRONYM

Organizer Names and Institutions

(recommendations: limit to 6 individuals, consider and address diversity of organizer identities and characteristics)

Context

Objectives

Justification of relevance/importance to organize a challenge on this topic

Challenge organization

(should include, but is not restricted to, nature of the data, metrics, platform to host the evaluation or any information that permits to anticipate a smooth progression of the challenge)

Prizes and/or sponsors

Tentative list of potential participants.

(Names, countries and institutions)
